ABOUT ME

I'm a small town boy from Margherita, Assam, India. I'm currently pursuing my degree in Bachelor Of Science. I has been always fascinated about computers and programming languages, I have deep interests in Programming and I focus on most of the major programming languages that include C, C++, Java, Python and I'm also involved in web development. I'm a self learner and I enjoy learning new languages and always love experimenting with new lines of codes.
